FREE COINAGE OR DISRUPTION

It is pretty generally conceded that the Republicans and Democrats must declare unequivocally for free coinage in the next Presidential campaign or go to pieces. Straddling the question as the Republicans and Democrats did in 1892 will not do next year. The people have learned by sad experience, that those who are not in favor of absolute free coinage are opposed to the monetization of silver, and the politicians who expect Federal positions in the event of the success of their party cannot dupe them again by meaningless platitudes which are construed one way in the East and another way in the West. Senator Martin of Kansas declared in San Francisco during a recent visit to that city, that though he had been a life-long Democrat he would not support a Democratic candidate for President in 1896, who is not unqualifiedly in favor of free coinage. Senator Teller of Colorado, a life-long Republican, declared at the Blum lecture at Denver last Saturday night, that he had cast his last vote for any Presidential candidate who is opposed to free coinage or like-warms in its interest. A large majority of the Republicans of Colorado stand by Senator Teller and declare that the Republican National Convention must choose between free coinage and disruption in 1896.

The Denver Times, the leading Republican newspaper of Colorado approves the settlements of Senator Teller and will have the party with him, if Reed, Morison, McKinley, Wilson or any other single standard man is nominated for President next year. Now, let Nevada Republicans at least those of their number who claim to be sincerely in favor of free coinage, follow the example of Senator Teller of Colorado. It is the time for action. Make it known to the gold men, who control the party organization, that unless they nominate a free coinage candidate on a free coinage platform that you cannot give them your support as you have done heretofore. Let every Republican newspaper in the State, that believes in silver monetization and prosperity declare, as did the Denver Times, that the party must choose between free coinage and disruption. This is the open, manly, straightforward course to pursue and men who follow it will have the approval of their own consciences as well as the respect of those who differ from them. It is preferable in every way to the sneaking, hypocritical methods of the Janus-faced politicians, who while professing to be in favor of free coinage do all in their power to assist parties who are opposed to it.

EXTEND YOUR VISION AND TRY THE TRUTH.

Our neighbor is nothing if not mistaken. It attributes to the Journal what appeared in the New York Recorder, a Republican newspaper, relative to President Cleveland and Secretary Carlisle joining the Republican party in the event of the Democratic National Convention declaring for free coinage. The Recorder quotes Mr. Carlisle as saying that if the Democrats nominate a free coinage candidate there is no other course open to him but that leading to the Republican camp. The San Francisco Bulletin of the 11th instant has a leading editorial on the subject in which it says:

Having led the Democratic party into a morass from which there is no visible escape, Mr. Cleveland is said to be seriously considering if he cannot also put the dragging tows upon the Republican party. This, at least, has been the whisper going about political circles for some time, and the New York Recorder now gives the whisper the benefit of its indorsement.

The Bulletin, as did the Journal, gives the New York Recorder the credit of publishing the statement that Cleveland is going into the Republican camp, so the Journal did not originate the rumor.

We advise our neighbor to extend its vision beyond the little select circle from which it seems to draw its inspiration, confuse itself to facts instead of relying upon misstatements, as all of its readers may not be fools, and though it may find it difficult to get accustomed to telling the truth, it should persevere in the good work.

SOUTHERN PACIFIC REPORT.

The annual report of the Southern Pacific Company, just published, shows the gross earnings for the year 1894 to have been \$1,772,611, as against \$1,817,178 in 1893. The decrease is \$44,567, which is attributed to the general depression which prevailed last year. The greater part of the decrease is reported as having occurred in the Pacific branch of the system, the transportation earnings on that part of the system having been \$3,177,775 less than in 1893. On the Atlantic portion of the system there was a slight increase which is attributed to the operation of steamship lines in connection with the road.

The Central Pacific Railroad proper, earned \$3,118,244 in 1894, as against \$14,219,957 in 1893. This decrease was probably caused by the strike, which suspended operations for about four weeks right in the fruit season. The decrease from this cause alone is doubtless sufficient to account for the falling off in receipts of the Central Pacific in 1894.

The report would indicate that the business depression was more generally felt on the Pacific Coast in 1894, than in the East, but facts do not sup-

port that view of the case, in 1894, is known that the Pacific Coast did not suffer proportionately with the East in the great panic of 1893-94.

The report of the Southern Pacific Company shows that there is a revival of business on its various lines and a much better showing is expected for 1895, than for the last year.

FREDRICKS IN COURT.

He Roars and Hates Like a Madman. SAN FRANCISCO, May 15.—William Fredricks was before Judge Murphy this morning for sentence for the murder of Cashier Herricks. Fredricks roared, kicked and hit everyone who approached, bumping his head against a table and chairs until he was covered with blood. His keepers are confident his insanity is assumed. His attorney was not present, and Judge Murphy ordered Attorney Caldwell to be cited for contempt, postponing sentence until Friday, as nothing could be obtained from Fredricks. The scene was extraordinary. During the absence of Judge Murphy from the courtroom Fredricks subsided, but broke out again when the Judge reappeared.

THE CALIFORNIA SILVER LEAGUE.

It Favors a National Convention in 1896. SAN FRANCISCO, May 15.—The State Silver League has selected from A. J. Warner's American Bimetallic party. The trouble was caused by Warner's alleged determination to force Congressman Joseph C. Sibley of Pennsylvania as the Silver candidate for the Presidency. The California League appeals to other States to protest against these caucus methods and to call a National Convention of State Leagues at St. Louis on March 16, 1896, to nominate Presidential candidates and prepare a platform.

Sullivan, Jr. Warfield's appointment was made first to make him the ranking Brigadier General.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists at 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

A Remarkable Train.

One of the most remarkable trains that ever traveled over the rails of an American road, left Philadelphia recently, destined for Boston. It was composed of 25 cars, all handsomely decorated, and every one of them from first to last loaded with Hires Rootbeer. There is no question but that it was the largest consignment of the kind ever made at one time in America. The value of this shipment was nearly \$100,000, and it attracted great attention among the trade and railroad men, who gave the train the appropriate name of "Hires Rootbeer Special." The cars contained 8,460 cases in all, 4,035 gross, or 581,040 bottles of Hires Rootbeer Extract, sufficient to make 2,005,200 gallons of rootbeer, or over 10 glasses for each man woman and child in New England. They also contained 2,425 cases, holding 60,000 pint bottles of rootbeer, ready to drink.

The above figures represent only about one-third of the total amount of this popular beverage consumed in New England during the season, but they give some idea of the wonderful popularity throughout the entire country of this greatest of all temperance drinks. A "Temperance Drink for Temperance People" is the name given to this most delightful beverage. Composed entirely of roots and herbs without the slightest trace of intoxicants, it is worthy the name. Not only is it a delicious thirst-satisfying drink, but it has a widely recognized value as a tonic, strengthening the system and enriching the blood.

BASEBALL GAME.

The University's and Carsonites Try Conclusions on the Diamond.

The University of Nevada and Carson City met on the diamond yesterday afternoon and played a game of ball which resulted in victory for the University. The game was an exceedingly close and interesting one after the seventh inning, when the score stood 9 to 12 in favor of the Varsity. In the eighth the Carsonites succeeded in bringing in 3 tallies, which tied the score. When the Varsity boys came to bat a strike-out and two slow hits to first, left the score 12 to 12. The Carsonites went out in one, two, three order and it looked as if the Varsity was to have an easy time now. The first two men struck out, when a two-bagger put a man on second; the next two men got each a base hit, the winning man crossed the plate, and the Varsity added another victory to its record.

The score and positions of players are as follows:

TRICKING A CRAB.

The Native of Africa Take Advantage of His Industry in a Heedless Manner.

In Africa there exist a certain member of the crab genus commonly known as the great tree crab, says an exchange. This peculiar shell-fish has an offensive trick of crawling up the cocoanut trees, biting of the cocoanuts and then creeping down again backward.

The theory is that the nuts are shattered by the fall and the great tree crab is thus enabled to enjoy a hearty meal. Now, the natives who inhabit the regions infested by this ill-conditioned crab are well aware that the lower portion of the crab's anatomy is soft and sensitive and they believe that the "bi-valve" was thus constructed in order that he might know when he had reached the ground and when, consequently, he might with safety release his grasp on the trunk.

So what they do in order to stop his depredations, which often ruin the cocoanut crops is this: While the crab is engaged in nipping off the cocoanuts they climb half way up the trees and there drive a row of long nails right around the tree, allowing an inch or so of the nails to project.

The crab has no knowledge of disaster nor yet the fitness of things. As he descends, the sensitive part of his body suddenly touches the nails.

Thinking he has reached the ground he naturally lets go. Instantly he falls backward and cracks his own shell on the ground.

RICH ORE.

Bob Stewart's Bonanza in Silver Star.

Recorder Lethrop visited Star district last week. From him we learn that Bob Stewart had panned out 28 pounds of ore from his mine—the Gem.

The result was six and a half pounds of pure gold. Between \$1,500 and \$2,000 from 28 pounds of ore is pretty good, even from Star district. This rich ore comes from a small streak in the ledge.

The main ledge is between 12 and 20 inches thick and will mill \$200 per ton. There is no doubt that Stewart and Harrington have a valuable property, and everybody is glad of it.—*Humboldt Bulletin*.

RAILROAD TAXES.

What Taxpayer Says the Grand Jury Will Find.

EDITOR JOURNAL:—The *Gazette* states that the whole subject matter of the recent collection of delinquent taxes from the railroad company is to be submitted to the Grand Jury for impartial investigation. This is entirely proper, and while engaged in such investigation the Grand Jury should not overlook the fact that no interest was collected upon the second suit—the one allowed to remain in abeyance upon stipulation. At the time the stipulation was filed, the amount claimed by the State and county for the taxes of 1893, was by the stipulation, definitely settled and admitted to be correct. By the terms of the stipulation, execution was not to issue until the validity of the tax levy should be finally determined in the former suit. The District Attorney had no authority by that stipulation to waive interest upon the debt, and as a matter of fact did not. No officer has any authority in law to accept from the railroad company anything short of the full amount of the tax with legal interest, as I verily believe the Grand Jury will find if it investigates the matter, and will find that the company is still indebted to the county for the interest due upon delinquent taxes for 1893, and that payment thereof can be enforced.

BOARD OF REGENTS.

The Contract for the Construction of the Boys' Dormitory Awarded.

This Board of University Regents met yesterday for the purpose of considering the bids for the erection of the boys' dormitory and the following propositions for the completion of the work were considered: A. Patterson, \$19,916; F. Shadler, \$17,905; R. Ryland, \$18,900; C. E. Clough, \$19,750; M. J. Curtis, \$19,987; G. E. Holesworth, \$20,387; I. Walker, \$21,000; Burke Bros., \$19,987. S. K. Barber and Jas. Mayberry bid for excavating and stone work up to the water table as follows: Mayberry, \$2,305; Barker, \$2,531. A. Patterson's bid on carpenter work alone was \$9,241.

After careful consideration the Regents awarded the contract to Richard Ryland as the lowest and best bidder, Mr. Shadler being permitted to withdraw his bid on account of having omitted in his proposition, the stone work required by the specifications.

THE SALT LAKE CONFERENCE.

Delegates From Several States in Attendance.

A Salt Lake dispatch says the delegates to the Silver Convention have arrived. California, Nevada, Oregon, Washington, Idaho, Montana, Wyoming, Colorado, New Mexico and Utah are represented. Meetings are being held in the Mormon Tabernacle. The programme lasts three days and provides for two sessions daily, one in the morning and one in the evening, and it will close with a banquet.

B. F. Leete, one of the delegates from Nevada, went as far as Winnemucca on his way to Salt Lake. He ascertained that the convention was to be controlled by men who were wedded to the old parties and would remain with them whether they declared for free coinage or not. He concluded he had no business in such a gathering, but had plenty of business at home so he came home.

A Good Order.

The A. O. U. W. is the only organization whose laws expressly provide that no member who is reported to his lodge as sick can become suspended for non-payment of assessment and thereby forfeit his membership. This makes it absolutely certain that when a man is sick he will not be deprived of the benefits of his membership on account of sickness and inability to work.—*Rocky Mountain Workman*.

Blown Up.

While Harry Lynn, a mail clerk on the C. & C. Ry., was sealing up a can of alcohol with hot wax at the Mound House last evening, the liquid exploded, seriously injuring Mr. Lynn and burning the tool house and car house there. Lynn was taken back to Virginia City on the express train, where his injuries were attended.—*Carson Tribune*.

A Runaway.

The Nevada Pontiac Company's horse hitched to a light backboard started from in front of the postoffice yesterday morning and tore along several of the streets, finally bringing up against a post in the upper part of town. The damage was comparatively slight.

The *Silver State* says stock cattle in Humboldt County are now quoted at \$14 per head, having risen from \$10 in the past month. There are very few cattle for sale, as the outlook for the industry is so promising that owners do not want to sell.

The *Independent* says U. S. Marshal Humphreys was in Elko last week getting his late deputies, who acted as guards during the strike, to sign new vouchers for their pay, as the ones sent on to Washington did not exactly suit the Government.

"The Lady of Lyons."

As an evidence of the satisfaction of the Reno theatrical public with the efforts of the home company which recently presented "Damon and Pythias," under the direction of E. S. Laurie, assisted by his talented wife, Mrs. Katie Laurie, there has been an extraordinary large sale of seats for "The Lady of Lyons," which will be presented at McKiesick's Opera House next Wednesday night. The costumes will be handsome. The price has been placed within the reach of everybody—50 cents, no extra charge for reserved seats. Children's admission, 25 cents.

Distinguished Speakers. Miss Susan B. Anthony and Rev. Anna Shaw, two of the most noted public speakers of the day, will address the citizens of Reno at the Opera House May 17, 1895, April 19d.

A passenger train was derailed in Yolo County, California last Summer, during the strike and Engineer Clarke and four United States soldiers were killed. The Railroad Company offered a reward of \$5,000 for the arrest and conviction of the wreckers. S. D. Worden was convicted of the crime and fourteen persons claim the reward. Two of the fourteen, namely J. A. Gibson and F. T. Burke, jointly claim the reward, and the company has commenced an action in the Superior Court at Sacramento to determine who is entitled to the money.

EX-CONGRESSMAN BLAND has been lecturing in Denver. His subject is the twenty years battle for silver and the fight to come. He says he will not henceforth support any political party that is not in favor of the free and unlimited coinage of silver. There are great changes all over the country in favor of the movement, as the people see that the effort to make gold the money basis of the country is causing ruin in the land.

The *Independent* says Elko is considering the proposition of organizing a Board of Trade for the purpose of calling the attention of the East to its resources. A few years ago the State tried a Board of Trade but only the Manager and Secretary were benefited by it.

Steamed eggs are delicious. Butter a deep pie tin and break carefully into it as many eggs as are needed. Sprinkle them with pepper, salt and bits of butter; place in a steamer over boiling water until done. This will be found better than poaching them, especially if cooked for an invalid.

When Mary was a child, she cried for Castoria. When she became a Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Viavi.

A physician of Reno says he would have more faith in Viavi, if we did not claim so much for it. Doctor, how can we help it, if it makes the cure for instance? Its use in Mr. Hunter's case is entirely out of its legitimate line, yet note the result. He was suffering intense pain, the physician expected his medicine to control it, in from two to three days. He used it three weeks and the pain was still as great. He was kept under opiates, to which I objected as I believe in curing pain instead of stupefying the body. The doctor said it was not probable he would ever get out again, and we must make him as comfortable as possible. I was not satisfied, I paid the doctor and sent for another. He assured me all had been done that could be, that he would have prescribed about the same. I discarded all medicine and used Viavi. In one night, with nothing but hot and cold water and Viavi Cerate, I gained control of the pain, and in two or three days not a vestige was left, and in two weeks he was on the street. There are other cases here just as wonderful. I will be glad to explain its uses to all who call. Mrs. E. E. HUNTER.

Marvelous Results. From a letter written by Rev. J. Gundersen, of Diamond Lake, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at S. J. Hodgkinson's drug store. Regular size, 50 cts. and \$1.

Is Your Tongue Coated, your throat dry, your eyes dull and dimmed and do you feel mean generally when you get up in the morning. Your liver and kidneys are not doing their duty. Hodgkinson.

But Perfectly Cured by Hood's Sarsaparilla. "I was severely afflicted with Salt Rheum three years ago, when I was in the English army. I was in one of Her Majesty's garrison hospitals, and as four physicians could not cure me, I was discharged, and as soon as I was able I came to this country. On the voyage over we had a rough storm, and by a sudden roll of the ship I received a blow on my forehead which broke the flesh in one of the old places over the right eye, where there had been several running sores. The sore increased in size and I was in a bad condition when we arrived. It would often nearly heal over, but each time break out fresh again. After being at this place some time, an acquaintance advised me to take Hood's Sarsaparilla. I bought a bottle and after a few doses I realized that it was benefiting my case. Gradually the sores healed and entirely disappeared. I took six bottles altogether and found that it had cured me, helped my indigestion, and given me new life. A. G. MORRIS, Green River, Wyoming.

Hood's Sarsaparilla is sold by all druggists, \$1 a box for \$5. Prepared only by S. I. Hood & Co., Lowell, Mass.

Hood's Pills become the favorite cathartic with everyone who tries them, 25c. per box.
